

BEARCATS MOTORSPORTS

2025-26 SPONSORSHIP PACKAGE

**AT THE UNIVERSITY
OF CINCINNATI**

ABOUT THE COMPETITION

Started in 1981, Formula SAE (FSAE) is an international competition for student groups who design, manufacture, and race a formula-style car. Over 400 teams from universities worldwide participate in races hosted all over the world. Each year, Formula SAE teams are challenged by a fictional manufacturing company to design and develop a small formula-style racing car. This design culminates at the annual Formula Student competition in May at Michigan International Speedway.

ABOUT THE TEAM

Bearcats Motorsports (BCMS) is one of the original four teams to attend the Formula SAE competition. We are a student led organization that will be continuing to build onto the long legacy of the University of Cincinnati's involvement in Formula Student. Our students will have the opportunity to hone their engineering, business, design, and leadership skills while building an innovative car over the next year. Any donations will help our engineers, business students, and other students of all majors complete this year's challenge.

DONATION AND CONTACT

Every year, Bearcats Motorsports achieves feats of engineering to compete among the top teams and to showcase their work. As technology advances, so does the team and their solutions to make the create an incredible car. The lives of students are impacted the moment they start in the club to when they graduate. Many of whom start their professional careers with companies we partner with. Becoming a sponsor and partner with Bearcats Motorsports gives you the opportunity to be apart of the generational impact this club has. If you are interested in taking the next step forward with us, check out how to get involved. Need to discuss options and levels of sponsorship? Reach out through any of our platforms.
